BTM-01 Bluetooth Mouse Instruction Manual

Thank you for purchasing this TEXET Bluetooth Mouse, BTM-01, before operating the Mouse please read this Instruction Manual carefully and keep for future reference.

The Mouse requires 2 x AAA Batteries, (not included).

Instructions:

Before you install the Bluetooth Mouse, please ensure your computer/laptop supports Bluetooth Technology 3.0
If your computer/laptop does not supports Bluetooth Technology 3.0, to connect the Mouse to your computer/laptop, a Bluetooth Dongle will be required, (not supplied).

Place 2 x AAA Batteries into the Mouse ensuring the plus and minus signs of the batteries matches up with the plus and minus signs of the battery compartment. Ensure that the Mouse is switched on, (there is an ON/OFF switch on the underneath of the Mouse, as you turn the Mouse over the switch is in the top right hand corner), with the batteries in and the Mouse switched on a Red light will appear, centre of the Mouse, indicating the Mouse is working.

Installation Guide:

Windows
(Please note, depending on the system you are running, installation instructions may vary slightly).

Click on the Windows Icon, (bottom left hand corner of your Computer/Laptop), then click on Control Panel. From the list of settings, click on Devices and Printers, then click on add a device, from the drop down box click on "Show Bluetooth Devices" the computer will then search for the any Bluetooth device, (depending on the system your Computer/Laptop is running you may need to switch your Bluetooth function on).

Using the Bluetooth Mouse press the right and scroll buttons, found on top of the Mouse, at the same time for 3-5 secs, then release.

Once your computer/laptop has found the Bluetooth Mouse, left click on the Mouse Icon on the screen then right click on the "Add Device", your laptop/computer will automatically install the Bluetooth Mouse to your computer/laptop, (screen should say "Installing device software"), please note this may take several minutes depending on which system your computer/laptop is running.

Once the Mouse has been installed onto your Laptop/Computer it is ready for use.

Mac
(Please note, depending on the system you are running, installation instructions may vary slightly).

At the top of the screen of your computer/laptop click on the Apple logo, then click on System Preferences. On the screen there will be a Bluetooth icon, click on this and ensure the Bluetooth device is switched on. Your computer/laptop will now start to search for Bluetooth devices, press the right and scroll buttons, found on top of the Mouse, at the same time for 3-5 secs then release, your computer/laptop will now find the Mouse. Press the pair button and the computer/laptop will now connect to your Mouse.

CPI/DPI Button

This button can be found on top of the Mouse, just below the scroll button/wheel. This button enables you to adjust the Mouse's sensitivity to a faster or slower cursor/pointer speed. It has 3 settings, 800, 1200 or 1600cpi/dpi, (dots per inch), to set the Mouse to the cursor/pointer speed suitable for you, move the Mouse around and at the same time press the CPI/DPI button 3 times, you will notice the change in the speed, you can now set the cursor/pointer speed accordingly.

Battery Warnings

Ensure the battery compartments are secure.

Only use the batteries recommended.

Ensure correct fit of batteries, observing the plus and minus marks on both the battery and the compartment.

Store unused batteries in their packaging and keep away from metal objects that may cause a short circuit.

Remove dead batteries from equipment.

Remove batteries from appliances that will not be used again for a long time.

Supervise children with batteries at all times.

Remember to keep small button cell and AAA batteries away from small children as they can easily be swallowed.

Seek medical attention if batteries are swallowed.

UK: Waste electrical products/batteries should not be disposed of with normal household waste. Separate disposal facilities exist, for your nearest facilities see www.recycle-more.co.uk
